

Stay on course with Hagerty Marine

We'll help you navigate marine insurance for your boat-loving clients

Through Hagerty, in partnership with Markel American Insurance Company, you can offer your clients peace of mind with affordable coverage tailored for how they use their boat, whether it's a classic or brand new.

We protect boats made of wood, fiberglass and aluminum including, but not limited to, runabouts, cruisers and sailboats. Boats under restoration, whether your client does the work or uses a professional facility, are also covered. And don't forget about our multi-boat discount.

The benefits of cruising with Hagerty

We protect boats for what they're actually worth

With Agreed Value, our valuation experts work with you and your client to agree on an accurate value up front, and in the event of a covered total loss, we'll pay that amount. Guaranteed.*

If they love it, they can keep it

If your client experiences a total loss, with Cherished Salvage® they'll keep their boat plus its total value.**

There's plenty of time to float their boat

We encourage boat time with coverage that includes flexible navigation.

The best marine team on land or sea

With our in-house marine specialists, you'll always talk with a team member who understands boat needs and nuances.

We're part of the boating community

We support several boat clubs and organizations and share the love of boating through our youth judging program at events nationwide.

Take a deeper dive with additional coverages

Have a client with a classic wooden boat under 26'? Help them customize their protection with additional coverages like:

Boat spare parts and specialty tools

Important documents, like original shipping orders or purchase documents that establish a boat's provenance

Trip Interruption coverage, which helps with expenses if a covered loss or damage happens while transporting

Emergency Protection coverage, designed to help protect your client's boat from loss or damage caused by emergency conditions

Reimbursement for towing expenses up to \$1500 when selected

How to start a boat quote

Quotes are customized to ensure the best rates for your client. Surveys are typically only required for cruisers and sailboats over 26'.
